

| IFM Culture Number | Show Certificate | Microorganism |
|--------------------|-------------------|---------------------------------------|
| 5901 | → | Acinetobacter lwoffii |
| 0201 | → | Actinomyces odontolyticus |
| 5802 | → | Aeromonas caviae |
| 5800 | → | Aeromonas hydrophila |
| 0004 | → | Aspergillus brasiliensis |
| 0023 | → | Aspergillus brasiliensis |
| 0006 | → | Aspergillus flavus |
| 0004 | → | Aspergillus niger |
| 0019 | → | Aspergillus niger |
| 0023 | → | Aspergillus niger |
| 1604 | → | Bacillus cereus |
| 1611 | → | Bacillus cereus |
| 1608 | → | Bacillus coagulans |
| 1618 | → | Bacillus megaterium |
| 1621 | → | Bacillus stearothermophilus |
| 1605 | → | Bacillus subtilis |
| 1610 | → | Bacillus subtilis |
| 1606 | → | Bacillus thuringiensis |
| 1607 | → | Bacillus thuringiensis |
| 0688 | → | Bordetella avium |
| 0687 | → | Bordetella bronchiseptica |
| 5006 | → | Burkholderia cepacia |
| 2461 | → | Campylobacter coli |
| 2457 | → | Campylobacter fetus subsp. venerealis |
| 2458 | → | Campylobacter jejuni subsp. jejuni |
| 0001 | → | Candida albicans |
| 0021 | → | Candida albicans |
| 0012 | → | Candida tropicalis |

| IFM Culture Number | Show Certificate | Microorganism |
|--------------------|-------------------|--------------------------|
| 0016 | → | Candida utilis |
| 2501 | → | Citrobacter freundii |
| 2503 | → | Citrobacter gilleni |
| 2504 | → | Citrobacter youngae |
| 1705 | → | Clostridium bifermentans |
| 1703 | → | Clostridium difficile |
| 1701 | → | Clostridium novyi |
| 1704 | → | Clostridium perfringens |
| 1709 | → | Clostridium ramosum |
| 1712 | → | Clostridium septicum |
| 1706 | → | Clostridium sporogenes |
| 1714 | → | Clostridium sporogenes |
| 1203 | → | Corynebacterium auris |
| 1200 | → | Corynebacterium renale |
| 2209 | → | Cronobacter sakazakii |
| 0022 | → | Cryptococcus gattii |
| 0016 | → | Cyberlindnera jadinii |
| 2150 | → | Edwardsiella tarda |
| 2200 | → | Enterobacter aerogenes |
| 2201 | → | Enterobacter aerogenes |
| 2208 | → | Enterobacter aerogenes |
| 2202 | → | Enterobacter cloacae |
| 2205 | → | Enterobacter cloacae |
| 2204 | → | Enterobacter intermedius |
| 3302 | → | Enterococcus durans |
| 3500 | → | Enterococcus durans |
| 3301 | → | Enterococcus faecalis |
| 3303 | → | Enterococcus faecalis |

| IFM Culture Number | Show Certificate | Microorganism |
|--------------------|-------------------|--------------------------------|
| 3305 | → | Enterococcus hirae |
| 1100 | → | Erysipelothrix rhusiopathiae |
| 2005 | → | Escherichia coli |
| 2008 | → | Escherichia coli |
| 2017 | → | Escherichia coli |
| 2018 | → | Escherichia coli |
| 2019 | → | Escherichia coli |
